

AUGSBURG COLLEGE

AUGSBURG COLLEGE FORENSICS

PROGRAM DESCRIPTION

Forensics occupies an important niche in our “full service” Department of Communication Studies, which includes some 150 communication majors (in eight different emphases) and 50 film majors.

Augsburg's forensics program has been in place since 1987. We normally attend the six Twin Cities Forensic League tournaments, as well as some weekend invitational tournaments. Although the scope of the program has been modest, we have qualified 89 students for final rounds of tournaments during these years and have sent students to the NFA national tournament when there has been interest and funding available. Philosophically, we have promoted the activity as something that is open to anyone, regardless of their level of interest and talent; we have eschewed any sort of competitive "star system." Overall, we offer the opportunity for “everyone to play”; no one who is prepared ever “rides the bench.”

NEW THIS YEAR: FORENSICS SCHOLARSHIPS!

The college is now offering one \$5000 forensics scholarship for the 2013-14 academic year, along with the possibility of two additional \$3000 awards. Contact us, or Augsburg Admissions, if you want to know more!
